

## The Constitutional Amendments.

Assemblyman Pike has introduced the following Concurrent Resolution: Whereas, twenty-eight amendments to the Constitution of the State of Nevada were proposed at the fifteenth session of the Legislature, and the same were agreed to by a majority of all the members elected to each of the two houses thereof; and

Whereas, said proposed amendments were regularly entered on the respective journals of the two houses with the yeas and nays taken thereon, and ordered referred to the Legislature next to be chosen, which is the Legislature now in session; and Whereas, no publication of said amendments was ever made, save and except by printing said amendments in the statutes of 1891; and Whereas, doubt exists as to the authority of the present Legislature to further consider said amendments or either of them, because of the difference of opinion as to the validity of the publication of said amendments; and

Whereas, a difference of opinion exists as to whether the law provides for the publication of said constitutional amendments, and if so, upon whom is the duty thereof enjoined. Now therefore, be it

Resolved by the Assembly the Senate concurring, that a select committee of four from the Assembly and three from the Senate, be appointed for the purpose of investigating and reporting to their respective houses whether, if said amendments shall be agreed to by a majority of all the members elected to each house of the present Legislature, then would such amendments be in such legal status as to entitle them to submission to the people for approval; and be it further

Resolved, that such committee shall have power to employ counsel for the purpose of determining the matter in the proper courts of the State, and take such other and necessary steps as in their opinion are required, provided, said legal counsel shall not be employed until first reported to the respective houses for their approval.

## The Fight is Over.

The Warden fight has already created discord in the Silver party ranks.—Tribune.

There is not the slightest discord in the Silver party over the Warden-ship fight. For about the first time in the history of the State Washoe found Ormsby had a fighting delegation on deck in the Lower House.

It was a lively set to while it lasted, but now it is over, all hands have buried the hatchet and closed up the ranks. The victors acted very generously toward Ormsby county in arranging distribution of the patronage of the Prison and without any solicitation, offered Ormsby nearly all it had been fighting for and the offer was accepted in the generous spirit it was offered.

Only very narrow minded people who carry grudges after political fights are over. No such people are in the Silver party, they were left off the rolls when the party was formed. The APPEAL congratulates Warden Bell on his victory.

## Queer Work.

Some of the party bosses of the old Republican gang are doing all in their power to hamper legislation.

The bondsmen of Controller Horton have required him to file additional bonds, and Messrs. Geo. Nixon, Geo. Russell and J. H. Thies went on his bond yesterday for \$10,000 additional.

Treasurer Egan has refused to cash warrants. A test case should be made at once, and every officer refusing to do his duty should be impeached.

Bob Ingersol is reported to have said: "I believe in protecting what are called 'infant industries, but after the 'infants' get to be six feet high and wear No. 12 boots it is about time to stop rocking the cradle, especially if the 'infant' tells you if you stop rocking he will get out of the cradle and kick your head off."

Gen. Weaver will make a campaign of Arizona this month and unfurl the Populist banner there. Arizona is trying hard to get admitted to statehood, and the Populists intend to take a hand in the election of United States senators if the territory is admitted.
